Dear Fire Service Official:

The Fall 2005 Semester of our Fire Training and Certification Program will be our best to date. Striving to provide cutting-edge training programs to fire service personnel, we will offer exciting new seminars and courses targeted at improving and enhancing your skills as a first responder.

In September, two new pre-conference seminars are scheduled for the N.J. Firemen's Association Convention in Wildwood. In November, no less than seven new courses will be offered at the Fire Inspector and Fire Official Recertification Retreat at the Middlesex County Fire Academy. Mark November 30 and December 1 on your calendar for the 3rd Annual Juvenile Firesetter Awareness and Intervention Conference.

This fall, the Division of Fire Safety is partnering with New Jersey Task Force One and the State Office of Emergency Management to provide a comprehensive five-day course entitled Structural Collapse Operations. This unique program is the kind of hands-on training we are proud to provide, so that you can meet the needs of the community you serve each and every day. The details for this program begin on page 28.

The dangers first responders face today must be met with awareness and preparation, which can only be achieved through education. I encourage you to take advantage of this fall's selection of courses and to provide us with feedback on how we can continue to improve our offerings.

Regards,

*Lawrence Petrillo
State Fire Marshal
Director, NJ Division of Fire Safety*

TELEPHONE & INTERNET REGISTRATION

There are two methods to register for classes – by phone or with the new Web-based Course Registration Process. To register for courses using the Internet, go to the Fire Safety home page (www.state.nj.us/dca/dfs) and click away! Log-on instructions are in this brochure. If you prefer, you can register by telephone at 609-324-8475.

REGISTRATION PERIODS

FIRST REGISTRATION - The first registration period begins Monday, August 15, 2005 and will continue through Friday, August 19. This period is reserved for **appointed** (working) fire officials, fire inspectors and fire service instructors. Registration for code enforcement personnel will be limited to two programs, either two “Core” programs or one “Core” program and one “Code Enforcement” or “Instructor” program. Appointed fire service instructors may enroll in any two Instructor or Fire Service courses.

SECOND REGISTRATION - The second registration period, from Monday, August 22, through Friday, August 26, is for **appointed** and **non-appointed** personnel to register. Code enforcement personnel will be permitted to select both Core and non-Core programs during this time. Appointed fire service instructors may enroll into any Instructor or Fire Service course. If you have already registered for two programs during the first registration period, you must wait until the open registration period to register for additional programs. A maximum of two registrations will be permitted before August 26.

OPEN REGISTRATION - The open registration period begins on Monday, August 29, and continues through the semester. You may register for additional seminars at this time. Initially, registration is limited to a maximum of six seminars during the semester. However, registration will be permitted for additional seminars on a space-available basis. Credit will not be issued for seminars which have already been completed within your active certification cycle. The Division of Fire Safety reserves the right to limit the number of enrollments per person.

TELEPHONE REGISTRATION - Please select the seminar you wish to attend and call in your choice to DFS at (609) 324-8475 between the hours of 9 a.m. and 3 p.m., Monday through Friday. Be prepared to register for alternate seminars if your first choice is filled. When you call in your registration, be sure to have your six-digit Fire Service Identification Number (1xxxxx). You will be limited to two seminars, providing everyone an equal opportunity to register. A reminder notice will be mailed to you prior to the scheduled seminar date. If you do not receive a reminder within two days of the seminar date, please call the Division of Fire Safety to verify your registration. You may call the Division of Fire Safety to verify or change your address at any time.

WEB-BASED REGISTRATION - New features added to the Division of Fire Safety website give fire personnel more control over the process of registering for classes. In addition, you will be able to access and update your personal information, review and print your course enrollment list, review and print your completed course list, obtain a certificate of attendance for any course you have completed, review and print your current certification list, and review and print your courses completed for certification. You can register for courses and/or access your records any time – day or night – from anywhere in the world. Before you can start using the new system, you will need to establish your password and user ID. The following three-step procedure only needs to be performed once.

STEP 1: AUTHENTICATION CODE

At the Division of Fire Safety home page (<http://www.state.nj.us/dca/dfs>), click on Get Authentication Code. Follow the instructions on your screen.

STEP 2: USER ID AND PASSWORD

At the Division of Fire Safety home page, click on Get User ID and Password. Click on Register and follow the instructions on your screen.

STEP 3: ENTER AUTHENTICATION CODE

At the Division of Fire Safety home page, click on Enter Authentication Code and follow the instructions on your screen.

FOR ALL STUDENTS

If you are unable to attend a seminar, please call (609) 324-8475 to cancel as soon as possible so that someone else may use your space. Failure to cancel will be recorded and action may be taken. Do not call the academy where the seminar is being held to cancel. Credit will not be given for repeating a seminar within a three-year period. Although computer records are kept, you should keep a record of the seminars you have completed. All seminars begin promptly at 8:30 am and conclude at approximately 3:00 pm, unless otherwise indicated. In order to receive seminar credit, you must be present prior to the start of class and in the classroom for the entire seminar. Credit may not be granted if you arrive late, return late from lunch and breaks, leave early, or if you are not in the classroom while the seminar is in session.

CONFIRMATION OF ATTENDANCE

The Division is adding a new process that enables students to receive same-day confirmation of attendance at a seminar. If you are interested in receiving verification on the day you attend a seminar, you must bring your **Confirmation Notice** with you to class. After the class has concluded, the facilitator will stamp this notice as proof that you attended the seminar.

DRESS CODE

The Division of Fire Safety has instituted a dress code for attendance at seminars. Appropriate dress includes long pants, shirts with sleeves, and shoes. Facility representatives will enforce this dress code, and those who do not comply may be dismissed from the seminar and/or lose credit.

OF A GREAT PARTNERSHIP.

CORE PROGRAMS FOR APPOINTED FIRE OFFICIALS & INSPECTORS

The following programs are the only courses available during the appointed code official registration period. Additional courses will be available for registration after the special FO/FI registration period. All courses now include a course code.

MEANS OF EGRESS

CE661

Instructors: Paul T. Dansbach, Fire Official
Borough of Rutherford
William J. Lynn, Fire Official
Borough of Paramus

This seminar will review the design, construction, inspection, and maintenance requirements for means of egress. The class will enable the inspector to properly enforce the requirements of the Code for Means of Egress in accordance with the original design and approval.

Monday	September 19	Passaic County Fire Academy
Saturday	November 12	Cumberland County Fire Academy
Monday	December 12	Mercer County Fire Academy

PLACES OF ASSEMBLY/ OCCUPANCY LOAD CONCERNS

CE680

Instructor: Stanley J. Sickels, Fire Marshal
Borough of Red Bank

The problems of occupant load, means of egress, and other fire safety concerns in places of assembly will be addressed.

Friday	September 30	Burlington County ESTC
Friday	October 28	Monmouth County Fire Academy
Wednesday	November 9	Morris County Fire Academy

PUBLIC EDUCATION
DEVELOPING A FIRE SAFETY PROGRAM
FOR PRESCHOOL & ELEMENTARY STUDENTS

CE129

Instructor: Joseph Vallo
 Jersey City Fire Department

This course is designed to provide fire personnel insight into developing a fire safety program for preschool and elementary students. Attendees will learn how to utilize personnel, apparatus, equipment and additional resources effectively to create a memorable and informative program.

Monday	September 19	Middlesex County Fire Adacemy
Wednesday	October 26	Gloucester County Fire Academy
Monday	November 7	Passaic County Fire Adademy

UTILIZING ACCELERANT K-9s
IN FIRE/ARSON INVESTIGATIONS

CE708

Instructor: Fire Investigation - Arson Unit
 NJ Division of Fire Safety

NEW
2005

This seminar is designed to give the Fire Official or fire/arson investigator a thorough understanding of the utilization of accelerant detection K-9s during fire investigations. Topics will include capabilities and limitations of K-9s, types of ignitable liquids able to be detected, interaction with laboratories, and overview of K-9 training process.

Wednesday	September 14	Wildwood Convention Center
Thursday	October 20	Ocean County Fire Academy
Wednesday	November 16	Bergen County Fire Academy
Wednesday	December 7	Mercer County Fire Academy

ADMINISTRATIVE SEMINARS

DIVERSITY NOW: LINKING PERCEPTIONS AND PERFORMANCE CE128

Instructor: Workforce Development Group

This is a highly interactive course that guides participants to a deeper understanding of how diversity and inclusion can be leveraged to enhance performance. This motivational and skills oriented course uses true-to-life simulations, team competitions, case studies, and in-depth discussions to keep participants involved, interested and learning.

Wednesday October 26 Somerset County Fire Academy

EFFECTIVE BOSS BEHAVIORS CE121

Instructor: Workforce Development Group

This seminar will explore change management and leadership skills. Participants will be provided with self-diagnostic tools to assess their current level of strength in leadership competencies.

Wednesday October 12 Cape May County Fire Academy

ETHICS AND VALUES CE031

Instructor: Philip J. Sabatelli, Ph.D.

This program will explore the role of ethics and values within the fire service. Through exercises and discussion, participants will identify, define, and apply selected concepts from the fields of ethics and values clarification as they relate to potential ethical dilemmas and their solutions.

Tuesday October 25 Burlington County ESTC

INITIATING CHANGE IN AN ORGANIZATION CE124

Instructor: Workforce Development Group

This seminar will discuss the core principles for successfully initiating change in organizations. It will describe the value of accountability, support, empowerment and leadership. The skills-focused program will provide opportunities to learn these concepts through introduction, experience and practical applications.

Wednesday November 2 Camden County Fire Academy

LEADERSHIP EXCELLENCE**CE119**

Instructor: Ronald E. Kanterman
Gold Horn Associates

This course will guide the student through the different phases to attain *excellence in leadership*. Course topics include: developing yourself, developing your people, developing your organization, and communications (not radios!). Role playing and hands-on group exercises are a large part of this class. Developing a vision and a mission statement and creating a plan for improvement to take back to the firehouse and the training unit also will be addressed.

Saturday **October 1** **Middlesex County Fire Academy**
Saturday **November 19** **Burlington County ESTC**

**MANAGEMENT SKILLS
FOR FIRE OFFICIALS****CE014**

Instructor: Dr. Robert S. Fleming, CFPS, CFO
Rowan University

**UPDATED
2005**

This course is designed to enable fire officials to enhance their management knowledge and skills in order to more effectively and efficiently enact their roles and responsibilities. The course will include instruction and practical exercise related to organizing, directing, controlling, communications, and decision-making.

Thursday **December 15** **Atlantic County Fire Academy**

**PSYCHOLOGY OF POWER
(Formerly The Human Factor)****CE127**

Instructor: Workforce Development Group

This program, utilizing recent breakthrough research on how the brain functions, will demonstrate through video vignettes, self assessments, and case studies, new strategies for interpersonal effectiveness at work. The course works with *Emotional Intelligence* author Daniel Goleman's framework of understanding ourselves, managing ourselves, understanding others and managing relationships.

Friday **November 18** **Passaic County Fire Academy**

TEAM BUILDING FOR PRODUCTIVITY**CE125**

Instructor: Philip J. Sabatelli, Ph.D.

This seminar will cover the essential techniques for building effective teams with productivity levels that meet or exceed the expectations of their leaders or team managers. Topics will include the psychological aspects of team building and the communication skills necessary for the creation of high performance departmental units.

Monday **September 19** **Cumberland County Fire Academy**

TECHNICAL SEMINARS

ADVANCED FIRE INVESTIGATION: FIRE CAUSE DETERMINATION CE570

Instructor: George A. Wendt, DFI Detective (Retired)
Morris County Prosecutor's Office

This seminar examines the origin of fires with an emphasis on evaluating all potential fire causes, eliminating those potential causes which did not contribute to the initiation of the fire, and the proper documentation and preservation of evidence of the fire's cause.

Thursday September 29 Burlington County ESTC

BASIC INSPECTION OF HAZARDOUS MATERIALS CE508

Instructor: James Foley, Fire Official
Atlantic City Fire Department

The goal of this seminar is to introduce the Fire Inspector to the basic chemistry and Code requirements for dealing with hazardous materials. The course will provide a fundamental understanding of the relationship between the Code, NFPA standards, and State and Federal OSHA regulations relating to hazardous materials.

Wednesday October 26 Bergen County Fire Academy

BUILDING RECONNAISSANCE AND INTELLIGENCE CE585

Instructor: Jack Murphy, Jr.
JJM & Associates, LLC

This presentation will show the importance and techniques of obtaining critical building information before the fire. The course includes the practice and value of effective size-up, estimating building dimensions, determining water flow needs and water supply, occupant safety and movement concerns, use of fire protection systems, and the practice of identifying standard and unique building characteristics that must be known and identified before the response to the fire. The seminar will demonstrate how and why fire inspectors need to be acquainted with each building, and how to disseminate building intelligence information to local fire suppression units.

Friday October 14 Atlantic County Fire Academy
Tuesday November 1 Mercer County Fire Academy

FIRE ALARMS**CE702**

Instructor: John M. Cholin, PE
J.M. Cholin Consultants, Inc.

This seminar includes concepts of fire dynamics, the requirements of the National Fire Alarm Code, principals of operation of commercially available household fire warning devices, household fire warning systems, detector location and placement, notification appliance location and placement, off-premises reporting, occupant response and escape planning.

Friday September 23 Somerset County Fire Academy

**FIRE INSPECTIONS IMPACT ON
FIREGROUND SAFETY AND DECISION-MAKING****CE701**

Instructors: James Foley, Fire Official
Atlantic City Fire Department
William Shouldis, Deputy Chief
Philadelphia Fire Department

This seminar will explore the relationship between active code enforcement programs and how they maintain firefighter safety and effect fireground decision-making in a positive way. The goal of this seminar is to make Fire Officials and Fire Inspectors more aware of their role in firefighter safety and to provide good intelligence to fire group commanders to empower them to make effective emergency management decisions.

Thursday October 13 Atlantic County Fire Academy

FLAMMABLE AND COMBUSTIBLE LIQUIDS**CE590**

Instructor: James Foley, Fire Official
Atlantic City Fire Department

The objective of this seminar is to introduce the Fire Inspector to the basic hazards, general properties and characteristics of both flammable and combustible liquids. NFPA 30 and the Code requirements for storage, handling and use will be addressed as well as environmental and firefighting needs for a proactive approach to storage facilities.

Saturday September 24 Warren County Fire Academy
Monday November 14 Ocean County Fire Academy

**JUVENILE FIRESETTER
INTERVENTION AND AWARENESS****CE705**

Instructor: Andy Braig, Assistant Fire Marshal
Camden County Fire Watch Program Director

This workshop deals with identifying juvenile firesetters and successful intervention and prevention approaches to address the problem. Motivation and legal issues on juvenile firesetting will be discussed. There will be an emphasis on how to establish a community based program, as well as how to work within the framework of existing programs. The mechanics of how to report statistical information on juvenile firesetters to the Division of Fire Safety also will be provided.

Wednesday	September 14	Wildwood Convention Center
Wednesday	September 28	Morris County Fire Academy
Thursday	October 20	Mercer County Fire Academy

**LEGAL & PRACTICAL
ASPECTS OF FIRE INVESTIGATION****CE707**

Instructor: Jeffrey Cartwright
Assistant Essex County Prosecutor

Among the duties of a fire official set out in the Regulations for Fire Code Enforcement is the responsibility to "investigate, or cause to be investigated, every reported fire or explosion...that involves the loss of life or serious injury or causes destruction or damage to property." N.J.A.C.5:71-3.3(a)25. The purpose of this seminar, prepared and presented by a career prosecutor experienced in all facets of fire-related investigation and prosecution, is to review the scope and substance of all fire officials' duties set out in this regulation and to provide a clear understanding of how they may be best accomplished. The seminar covers topics such as: how to recognize a "suspicious" occurrence; guidelines for conducting fire and explosion investigations; identifying and preserving evidence; securing physical property; determining who to call; writing expert reports; and, giving expert testimony. To help foster understanding of the subject matter, actual case studies - from the fire scene to the courtroom - are included in the presentation.

Friday	September 30	Bergen County Fire Academy
Friday	October 21	Camden County Fire Academy

**NOT JUST ARSON - UNDERSTANDING
NEW JERSEY'S CRIMINAL LAWS****CE704**

Instructor: Jeffrey Cartwright
Assistant Essex County Prosecutor

This seminar - presented by a career prosecutor involved in fire investigation and related prosecution - provides fire officials and fire inspectors with a knowledge of New Jersey's Criminal Code that both assists them in performing their duties, and helps them avoid potential criminal liability when things go wrong. Designed specifically for fire code enforcement personnel unfamiliar with criminal law, this program covers: how constitutional law effects code enforcement; federal, state & local legislative authority; regulatory "layers" and enforcement; NJ's court system; the role of the grand jury; understanding the criminal code; fire-related criminal code provisions; when to call the prosecutor; creating a paper trail; how failing to perform your duty can be a crime; and reviews of groundbreaking cases.

Saturday September 24 Monmouth County Fire Academy
Saturday November 19 Burlington County ESTC

**TECHNICAL REPORT WRITING****CE537**

Instructor: George A. Wendt, CFI Detective (Retired)
Morris County Prosecutor's Office

This course is designed to provide basic instruction in the aspects of preparing and writing technical reports that are used in today's fire service. The student will learn how to gather, record and organize the facts of an incident, write clear and concise reports, and proofread and evaluate those reports.

Wednesday December 14 Bergen County Fire Academy

**UNDERSTANDING THE COMPLEXITY
OF HIGH-RISE BUILDINGS**

CE681

**NEW
2005**

Instructor: Jack Murphy, Jr.
JJM & Associates, LLC

This course will include: lessons-learned for high-rise emergency incidents, core construction, types of occupancies, elevator issues, various types of evacuation modes to meet today's threats, fire protection features, areas of rescue assistance, basic IMS protocols from CP to forward staging area, the highlights of the State Uniform Fire Code with a high-rise building as well as new technologies.

Monday November 14 Bergen County Fire Academy
Wednesday December 7 Camden County Fire Academy

**WATER-BASED
FIRE PROTECTION SYSTEMS NFPA 25-98**

CE593

**UPDATED
2005**

Instructors: Paul T. Dansbach, Fire Official
Borough of Rutherford Fire Prevention
William J. Lynn, Fire Official
Borough of Paramus

Using the newly referenced NFPA 25-98, Standard for the Inspection, Testing and Maintenance of Water-Based Fire Protection Systems, this seminar will familiarize the student with the standard and enable the inspector to properly and uniformly enforce these requirements.

Monday November 7 Cape May County Fire Academy
Saturday December 17 Passaic County Fire Academy

FIRE INSTRUCTOR CERTIFICATION PROGRAM

The Fire Service Instructor Safety courses are components of the New Jersey State Fire Service Instructor Certification Program. Information regarding the requirements for certification for Instructor Level I, Instructor Level II, and Special Instructor Certificates in SCBA/Smokehouse and Live Burn Safety can be obtained from the New Jersey Division of Fire Safety, Office of Fire Training and Certification at (609) 324-8473. General Safety, SCBA/ Smokehouse Safety, and Live Burn Safety course offerings are scheduled for this semester by the Division of Fire Safety. Contact your local fire academies for additional course offerings. The Fire Service Instructor Certification examinations will be administered during the semester.

Completion of the General Safety course is a prerequisite for both the SCBA/Smokehouse Safety and Live Burn Safety courses, as well as for registration for the Fire Service Instructor Level I Certification Examination. You may register for the SCBA/Smokehouse Safety and/or Live Burn Safety courses at this time; however, you must have completed the 8-hour General Safety course in order to attend these courses. Turnout gear is not required for the courses or tests. These courses also are offered by the county fire academies.

The courses needed for Fire Service Instructor Certification are being offered to those interested in certification as a Fire Service Instructor Level I or Level II. Instructional Techniques for Company Officers is the prerequisite for Fire Service Instructor Level I; Educational Methodology is required for Fire Service Instructor Level II certification. When registering, identify which Instructor Level certification you are applying for. A confirmation will be mailed to you in advance of the test.

EDUCATIONAL METHODOLOGY

C1C12

Instructor: James M. Cline, Ed.D.
Captain (Ret.), FDNY, EdCon Associates

This 40-hour course is an advanced instructor development course focusing on the application of different teaching strategies. The course covers the development of instructional objectives, lesson plans, and instructional aids. **YOU MUST ATTEND ALL SESSIONS.**

Monday - Friday October 17-21 Middlesex County Fire Academy

SESSIONS BEGIN AT 8:30 A.M. AND CONCLUDE AT 4:30 P.M.

GENERAL SAFETY**T1GSC**

Instructor: Robert V. Hill Sr.
Fire Training Coordinator/Instructor

This eight-hour course is designed for fire service instructors and focuses on the safety aspects of recruit firefighter training.

Gloucester County Fire Academy**Saturday****September 24****8:30 a.m. - 4:30 p.m.****LIVE BURN SAFETY****L1BUR**

Instructor: Chris Kozub
Chief Fire Instructor, Hunterdon County Fire Academy

This eight-hour course is designed for fire service instructors and focuses on the safety aspects of recruit firefighter training in live burn situations. This course is split into four-hour sessions over two evenings.

PARTICIPANTS MUST ATTEND BOTH SESSIONS.

Hunterdon County Fire Academy**Monday, Wednesday December 5, 7****EVENING HOURS****7 p.m. - 11 p.m.****SCBA/SMOKEHOUSE SAFETY****S1SCB**

Instructor: Joseph Vallo
Jersey City Fire Department

This eight-hour course is designed for fire service instructors and focuses on the safety aspects of SCBA usage and smokehouse training.

Ocean County Fire Academy**Saturday****October 1****8:30 a.m. - 4:30 p.m.****INSTRUCTIONAL TECHNIQUES
FOR COMPANY OFFICERS****N1N14**

Instructor: Stephen Fitzpatrick, Instructor
Monmouth County Fire Academy

The two-day NFA course provides information and teaching techniques for company level officers to use in presenting training programs to their personnel. **PARTICIPANTS MUST ATTEND BOTH SESSIONS.**

Monday**October 17****Monmouth County Fire Academy****Tuesday****October 18****Monmouth County Fire Academy**

**INSTRUCTOR LEVEL I
CERTIFICATION EXAMINATION****T1GSW**

The 100-question exam includes 50 questions on fundamental concepts of instruction from IFSTA 6th Ed. Fire & Emergency Services Instructor, and 50 questions covering fire service fundamentals from IFSTA 4th Ed. Essentials of Firefighting.

Saturday	October 22	Bergen County Fire Academy
Friday	November 18	Ocean County Fire Academy
Saturday	December 10	Middlesex County Fire Academy

Examination begins at 8:30 a.m. and concludes at 11:30 a.m.

**PHOTO IDENTIFICATION IS REQUIRED
TO TAKE BOTH LEVEL I
AND LEVEL II EXAMINATIONS**

**INSTRUCTOR LEVEL II
CERTIFICATION EXAMINATION****T2GSW**

The 100-question exam includes 50 questions on advanced concepts of instruction from IFSTA 6th Ed. Fire & Emergency Services Instructor, and 50 questions covering fire service fundamentals from IFSTA 4th Ed. Essentials of Firefighting.

Saturday	October 22	Bergen County Fire Academy
Friday	November 18	Ocean County Fire Academy
Saturday	December 10	Middlesex County Fire Academy

Examination begins at 8:30 a.m. and concludes at 11:30 a.m.

FIRE SERVICE INSTRUCTORS CONTINUING EDUCATION COURSES

The NJ Division of Fire Safety requires Fire Instructor recertification. Part of the recertification program requires annual Continuing Education Units (CEUs). The Continuing Education courses are one method to meet the requirements. Certified Fire Service Instructors will be given preference in registration for these courses.

ADVANCED POWERPOINT® PRESENTATIONS

C1T47

Instructor: James M. Cline, Ed.D.
Captain (Ret.), FDNY, EdCon Associates

This program is geared toward the intermediate and advanced users of Microsoft PowerPoint. This course is designed to better acquaint the instructor with the software and its use. Completion of Basics of PowerPoint Presentations is a prerequisite for Advanced PowerPoint Presentations.

**Saturday November 19 Cumberland County Technical
Educational Center, Computer Lab
(Next to Fire Academy)**

BASICS OF POWERPOINT® PRESENTATIONS

C1C18

Instructor: James M. Cline, Ed.D.
Captain (Ret.), FDNY, EdCon Associates

This course is a Microsoft PowerPoint based presentation and is designed to acquaint the student with the software and its use. The program will involve visual presentations and interactive activities with laptop systems in training situations.

Thursday October 27 Morris County Fire Academy

CREATING A TRAINING DIVISION

C1T61

Instructor: Dr. Robert S. Fleming, CFPS, CFO
Rowan University

This course will prepare participants to develop, implement, operate, and evaluate a training division within their fire departments.

Saturday October 22 Sussex County Fire Academy

EDUCATIONAL METHODOLOGY REFRESHER**C1C14**

Instructor: James M. Cline, Ed.D.
Captain (Ret.), FDNY, EdCon Associates

The purpose of this course is to advance the teaching skills of certified fire service instructors. Instructional principles and techniques will be reviewed to increase the level of professionalism in classroom presentations.

Tuesday October 11 Ocean County Fire Academy

**IMPROVING CLASSROOM SKILLS,
TECHNIQUES AND SUPPLIES****C1C27**

Instructor: James Cline, Ed.D.
Captain (Ret.), FDNY, EdCon Associates

This course will examine the various behaviors, teaching techniques, and instructional devices used by fire instructors and their effectiveness in the learning environment. Through the use of various teaching techniques, students will participate in exercises used to develop a proper learning environment and lesson presentation.

Tuesday November 15 Bergen County Fire Academy

**INSTRUCTING STUDENTS WITH
LEARNING DISABILITIES IN THE FIRE SERVICE****T1C09**

Instructor: James Cline, Ed.D.
Captain (Ret.), FDNY, EdCon Associates

This course is designed to familiarize students with the skills required to teach students with special needs. A review of the applicable terminology will be conducted. The various needs of the student will be explained, as well as the best methods of teaching to overcome a disability or special need.

Saturday October 29 Camden County Fire Academy

LIVE BURN INSTRUCTOR RECERTIFICATION**C1T73**

This course reviews the requirements of facility inspection, lesson plans and the use of simulators. Students will be required to perform a field evolution in simulated conditions.

***You must take SCBA/Smokehouse Recertification in the morning.
Turnout helmet and boots are required.***

Instructor: Paul Sandrock, Jr.
Deputy Fire Marshal, County of Camden
Camden County Fire Academy
Sunday October 9 12:30 p.m. - 4:00 p.m.

Instructors: Earl Preas and Matt Krynski
Instructors, Middlesex County Fire Academy
Middlesex County Fire Academy
Saturday October 15 12:30 p.m. - 4:00 p.m.

**SCBA/SMOKEHOUSE
INSTRUCTOR RECERTIFICATION****C1T74**

This course will involve a review of the basic operation of the SCBA, cylinder valves, emergency PASS activation, and the by-pass and buddy breathing systems. Students will then review the requirements and safety standards necessary to complete simulated evolution in structures using SCBA.

You must take Live Burn Instructor Recertification in the afternoon.

Instructor: Paul Sandrock, Jr.
Deputy Fire Marshal, County of Camden
Camden County Fire Academy
Sunday October 9 9:30 a.m. - 12 p.m.

Instructors: Earl Preas and Matt Krynski
Instructors, Middlesex County Fire Academy
Middlesex County Fire Academy
Saturday October 15 9:30 a.m. - 12 p.m.

**TESTING SKILLS
FOR FIRE SERVICE PERSONNEL****C1T76**

Instructor: Philip J. Sabatelli, Ph.D.

This seminar will focus on issues related to effective test-taking and test-giving for timed and multiple choice tests. Participants will learn how to improve one's own test scores and how to strengthen test taking skills.

Tuesday September 27 Gloucester County Fire Academy

TRAIN-THE-TRAINER COURSE OFFERINGS

Train-the-Trainer courses are being offered to increase the number of qualified instructors that are available to teach fire service personnel throughout the state. Train-the-Trainer courses have a limited enrollment. Therefore, instructor selection will be made in the following priority:

1. County, regional or local fire academy instructors
2. Fire department training officers/instructors
3. Other fire instructors

The ability to impact the most students will be the primary factor for selecting qualified applicants. The Division of Fire Safety may opt to limit the number of attendees from any one training agency. To attend the Train-the-Trainer courses, you must have attended the prerequisite course and be a Division of Fire Safety Level II Instructor.

FIRE SERVICE EMERGENCY DEPLOYMENT ACT

C1T85

Instructor: Jeff Gore
NJ Division of Fire Safety

22

This course will review the Fire Service Emergency Deployment Act (N.J.S.A. 52:14E-20, Chapter 75A). The Deployment Act requires the coordination of resources for emergencies using different initiatives. The development of local and county mutual aid plans, the process for appointment of county coordinators, the duties and responsibilities of the state, regional and county coordinators, and procedures that must be followed during emergency responses will be reviewed. Members of the fire service, from county fire coordinators to line officers, should take this course to fully understand this Act and how it effects your department or region.

Thursday	September 15	Wildwood Convention Center
Wednesday	September 21	Bergen County Fire Academy
Friday	October 21	Mercer County Fire Academy

INCIDENT COMMAND SYSTEM I-700 UPDATE

N1IT7

Instructor: Peter Hodge
NJ Division of Fire Safety

This program provides an overview of NIMS and the NJ Incident Management System. Federal Homeland Security Presidential Directive #5 established the National Incident Management System (NIMS). NIMS provides a consistent nationwide template to enable all government, private sector and non-governmental organizations to work together during domestic incidents. Resources from fire, rescue, EMS will be combined with law enforcement, public works, public health, emergency management, transportation, and others in managing and controlling major emergencies, including acts of terrorism. This course is mandatory for all Incident Command instructors and open to all other instructors.

Tuesday	September 27	Passaic County Fire Academy
Monday	October 24	Somerset County Fire Academy
Saturday	October 29	Cape May County Fire Academy

COURSES OF INTEREST TO THE FIRE SERVICE

AIRCRAFT EMERGENCY RESPONSE

C1D14

Instructor: Donald H. Nelsen, Jr.
Fire Instructor

**NEW
2005**

This program will orient target audience to the peculiar requirements necessary to successfully mitigate an aircraft emergency. Provide awareness and familiarization needed to attend the operations level course. The four modules will introduce the aircraft types and classifications, emergency response Aviation Rescue Fire Fighting (ARFF) training, airborne emergencies and transitions to the ARFF scales of aircraft alerts, and accidents of low and high impact.

Monday December 5 Somerset County Fire Academy

BUILDING CONSTRUCTION AND COLLAPSE

C1T28

Instructor: James Smith, Deputy Chief
Philadelphia Fire Department

This course will increase the awareness of the different types of building construction and will review the strengths and weaknesses relevant to different types of building collapse and case studies, while stressing safe incident scene operations.

Saturday November 12 Hunterdon County Fire Academy
Tuesday November 29 Camden County Fire Academy

CHALLENGES, CONCERNS & CONCEPTS: C1T77 VEHICLES OF TODAY AND TOMORROW

Instructor: David Dalrymple
Education Chair
Transportation Emergency Rescue Committee

Technology issues encountered in vehicles of today can be quite daunting and intimidating without background information for the emergency responder on the street. What other issues do we encounter in our daily routine? What concerns with vehicles do we need to be aware of? Topics include different types of safety systems, battery locations, vehicle component materials, motor power and metal/material movement tool evolution that work and do not work on today's and tomorrow's vehicles.

Monday September 26 Mercer County Fire Academy
Saturday October 1 Cumberland County Fire Academy
Saturday November 19 Warren County Fire Academy

**DON'T BET YOUR LIFE ON IT:
INCIDENT SCENE SAFETY****C1T78**

Instructor: James Smith, Deputy Chief
Philadelphia Fire Department

This program includes an overview of fire fighting injuries, deaths and their major causes. It will show the need for an incident scene safety officer. The incident scene safety officer's functions and scope of authority will be reviewed. This course is highly interactive. Exercises involving case studies give the participants an opportunity to address the many types of incident scene problems faced everyday. Students must come up with safe operating procedures for these real life problems.

Monday October 17 Monmouth County Fire Academy

**EFFECTIVE DELEGATION
WITHIN THE FIRE DEPARTMENT****C1D13**

Instructor: Dr. Robert S. Fleming, CFPS, CFO
Rowan University

**NEW
2005**

This seminar will prepare participants to more effectively delegate responsibility and authority within their fire departments. It will provide participants with an understanding of the essential elements of effective delegation and the skills necessary to successfully delegate assignments within their fire departments.

Tuesday September 20 Middlesex County Fire Academy
Tuesday October 25 Gloucester County Fire Academy

**FIREGROUND SIZE-UP FOR FIRES
IN FACTORIES AND WAREHOUSES****C1D12**

Instructor: Michael A. Terpak, Deputy Chief
Jersey City Fire Department

**NEW
2005**

This program will review size-up factors and operational concerns for fighting fires that involve factories and warehouses. Throughout the program, the instructor will present factors that will influence the decision-making of the engine, ladder and chief officer. Through the use of mock scenarios and case studies, students will be able to develop procedures for an efficient and safe operation.

Thursday September 15 Wildwood Convention Center

FIREGROUND SIZE-UP FOR FIRES IN GARDEN APARTMENTS AND TOWNHOUSES **C1T80**

Instructor: Michael A. Terpak, Deputy Chief
Jersey City Fire Department

This program will review size-up factors and operational concerns for fighting fires that involve garden apartments and townhouses. Throughout the program, the instructor will present factors that will influence the decision making of the engine, ladder and chief officer. Through the use of mock scenarios and case studies, students will be able to develop procedures for an efficient, effective and safe operation.

Thursday October 27 Middlesex County Fire Academy

FIREGROUND STRATEGIES: TRUCK AND ENGINE OPERATIONS **C1D11**

**NEW
2005**

Instructors: Anthony Avillo, Deputy Chief
North Hudson Regional Fire and Rescue
Mike Nasta, Captain
Newark Fire Department

This course covers all aspects of truck and engine company operations from the standpoint of both the Company Officer and the Incident Commander. The truck section includes forcible entry, search and rescue, laddering, ventilation, overhaul, salvage, utility control, and apparatus positioning. Engine company operations discussion topics include line placement priorities, water supply, stand-pipe and sprinkler supply operations, and coordination between attack and support operations.

Thursday October 27 Burlington County ESTC
Saturday October 29 Mercer County Fire Academy
Thursday December 8 Passaic County Fire Academy

HEALTH & SAFETY OFFICER**N1N39**

Instructor: Leonard Carmichael, Jr.
Captain, Trenton Fire Department

**NEW
2005**

This course examines the Health and Safety Officer's role in identifying, evaluating, and implementing policy and procedures that affect health and safety aspects for emergency responders. Risk analysis, wellness and other occupational safety issues will be the main emphasis of this course.

Thurs. & Fri.	October 13,14	Gloucester County Fire Academy
Thurs. & Fri.	November 17,18	Monmouth County Fire Academy
Thurs. & Fri.	December 8,9	Middlesex County Fire Academy

INCIDENT SAFETY OFFICER**N1N18**

Instructor: Leonard Carmichael, Jr.
Captain, Trenton Fire Department

**NEW
2005**

This course examines the Safety Officer's role in emergency responses. A specific focus on operations within an Incident Command System (ICS) as a Safety Officer is a main theme. Response to all hazardous situations will be emphasized.

Tues. & Wed.	October 25,26	Burlington County ESTC
Sat. & Sun.	November 12,13	Warren County Fire Academy
Sat. & Sun.	December 3, 4	Cumberland County Fire Academy

*New
This
Fall*

STRUCTURAL COLLAPSE OPERATIONS

New Jersey's Urban Search and Rescue Team operates under the auspices of the New Jersey State Police & Office of Emergency Management. It is a team comprised of technical search and rescue specialists from all areas of public safety and private industry. All training conforms to FEMA US&R System and NFPA 1670 and 1006 standards.

The New Jersey Division of Fire Safety and the New Jersey Urban Search and Rescue - Task Force One (NJ-TF1) have partnered to provide Urban Search and Rescue training to the fire service. This elite group of rescuers provides an established training resource to the fire service and has responded to several structural collapses and natural disasters since its establishment in 1996. Recognizing the critical need for this highly technical and expensive training, this opportunity is provided to the Fire Service by the Division of Fire Safety this fall.

**A PARTNERSHIP FOR
NEW JERSEY'S SAFETY**

STRUCTURAL COLLAPSE OPERATIONS

50 hours, 5 days

This course conforms to FEMA US&R System and NFPA 1670 and 1006 standards, and presents training that is provided to the national task forces. The training provided will include lecture on operational guidelines and procedures, structural assessment, shoring operations, void search operations, incident command, safety at collapse incidents, cutting and breaching of concrete, and victim packaging. The hands-on portion will include interior and exterior shoring procedures, void search operations, extrication procedures, and concrete removal techniques. Students will be able to recognize unique collapse or failure hazards and conduct search and rescue initiatives intended to locate and access victims trapped beneath collapse debris.

The following prerequisites have been established for this course:

- Complete a confined space operations course.
- Complete a rope rescue course.
- Complete a Hazmat:Operational course.
- Must have 5 years experience as a Structural Firefighter 1.

Note: Students must provide their own PPE that meets OSHA Standards.

Registration for this course will be conducted by mail or fax. Please provide a letter of intent, and documentation that indicates that you meet the above course prerequisites. Mail to: US&R Training/Office of Training & Certification, Division of Fire Safety, P.O. Box 809, Trenton, NJ 08625-0809; or fax to (609) 324-8493. The course is limited to 42 students for each program. All registration must be received at the Division of Fire Safety by September 1, 2005. The Division will determine who is accepted into the course, and reserves the right to limit students from the same organization.

Monday-Friday	September 12-15	NAES Lakehurst
Monday-Friday	October 31 - November 4	NAES Lakehurst

Directions to New Jersey Task Force One
NAES Lakehurst, Lakehurst, NJ 08733

FROM NYC & NORTH: Take the Garden State Parkway South to Exit 88 (Route 70). Make a right after the toll plaza onto Route 70 West. FROM ATLANTIC CITY & SOUTH & WEST: Take the Garden State Parkway North to Exit 82 onto Route 37 West. Take Route 37 West to the circle with Route 70. Take Route 70 West into Lakewood and make a right onto Secondary Road 547 at the McDonalds Restaurant. Bear left at the fork and make the next left into Navy Lakehurst Main Gate.

NEW JERSEY INCIDENT MANAGEMENT SYSTEM

NEW JERSEY FOREST FIRE SERVICE

The New Jersey Division of Fire Safety and the Forest Fire Service of New Jersey have joined to provide Incident Command System Training to the fire service. The Incident Management System, having roots in the Forest Fire Service, makes it logical that the Division of Fire Safety tap this resource. The Division thanks the Forest Fire Service for providing its expertise toward this effort.

The New Jersey Forest Fire Service is an agency within the New Jersey Department of Environmental Protection with the responsibility for the protection of life, property and natural resources from wildfire.

All training courses are Incident Management in nature and meet current National Wildfire Coordinating Group Standards that have been established for wildland firefighters across the United States. The delivery of these courses will be geared toward an all risk perspective with knowledge gained being applicable to any type of natural or human caused emergency or disaster. These courses also will assist agencies in becoming proficient in the adoption and use of the United States Department of Homeland Security's National Incident Management System.

INCIDENT COMMAND SYSTEM I-700 UPDATE

N1IT7

Instructor: Peter Hodge
NJ Division of Fire Safety

This program provides an overview of NIMS and the NJ Incident Management System. Federal Homeland Security Presidential Directive #5 established the National Incident Management System (NIMS). NIMS provides a consistent nationwide template to enable all government, private sector and non-governmental organizations to work together during domestic incidents. Resources from fire, rescue, EMS will be combined with law enforcement, public works, public health, emergency management, transportation, and others in managing and controlling major emergencies, including acts of terrorism.
